Objectives of the Conference

ATEES-2012 aims to provide a good opportunity for research scholars, technocrats, academicians, students and industrial communities to address new trends & challenges, emerging technologies & progress in standards on topics relevant to conference themes. It provides a forum for vital technical discussions resulting in integration of the knowledge and experience from the different fields of industry and academia. The conference will include key note address, presentation of contributed papers and plenary sessions covering all the topics relevant to the theme. Submitted papers are expected to cover the state of the art, technologies, case studies, theoretical concepts and implementation and on going research projects.

About Gogte Institute of Technology

Gogte Institute of Technology (GIT) is a self-financing Engineering College started in 1979 to meet the growing demand for technically trained manpower required for the industrial and economic growth of the country. The college is managed by Karnatak Law Society and is affiliated to Visvesvaraya Technological University, Belgaum, India and accredited by NBA, AICTE New Dehli

The college offers UG courses in eight disciplines, PG courses in seven disciplines including MCA & MBA. The college has 10 research centers offering M.Sc(Engg.) by research and Ph.D. Programmes under different streams.

About Dept. of Electrical and Electronics

The department of Electrical & Electronics Engineering started in the year 1979. The department offers undergraduate course in Electrical & Electronics Engineering with an intake of 120 and is permanently affiliated to Visvesvaraya Technological University, Belgaum and is accredited by NBA, AICTE New Delhi. The department offers and carries out projects in the conventional and relevant thrust area of technology. The department has well qualified faculty with expertise in Power Systems, Electronics and Computer Applications.
