2. Reviewed the preparations of the institute with regard to the accreditation, permanent affiliation and autonomous status. Principal informed the Members that institute has proposed to submit its application of permanent affiliation and autonomous status to VTU. The preparations are being done accordingly. VTU had accorded permanent affiliation for 2007 – 08 onwards for 5 years which is getting extended by one more year. Thus, we need to submit fresh application from the year 2012 – 13 for permanent affiliation. It is also proposed to go for Autonomous status.

Dr. C.R.Venugopal, from SJSC, Mysore and Nominee of VTU strongly opined that it is necessary for GIT to go for Autonomous status which would yield the following benefits:

1. Very strong Industry Institute Interface which could be established by revising syllabus in accordance with the industrial requirement and offering electives as per their choice.
2. The centre of excellences could be established in the department by taking up the innovative projects. As per the norms, the departments need to complete atleast 7 projects in the domains for which the centre of excellence is being established. It is possible to get these benefits if the autonomous status exists.

3. The autonomous status enables to get a closer association with the academic experts as well as the industry persons by putting them on various boards/bodies such as advisory bodies/ BOS etc. In the near future, it is necessary to have the collaborative efforts across branches. This is major desire seen across globe. This could be possible only if the institute gets autonomous status.
4. In order to go for the collaborations with the Foreign Universities as well as world grants, it is necessary to have the autonomous status.
5. Autonomous status also improves the brand image of the institute in terms of better academics and good practices.

Principal also informed the Governing Council that the application for accreditation would be submitted to AICTE once the final draft for the form is approved by the AICTE.

It was opined by Dr. C.R.Venugopal that the teachers especially Professor/ Asso. Professors with Doctoral Degree should try to get grants from various research agencies. He also informed that there are many organizations/agencies who could extend the financial support through grants for innovative projects. The institute should insist on these teachers to apply and get the grants.

The Meeting ended with the Thanks to the Chairman and the Members of the Governing Council.
