Workshop on intellectual property rights held

BELAGAVI, DHNS: KLS Gogte Institute of Technology, Department of Information Science & Engineering conducted two-day national workshop on 'Intellectual Property Rights and Information Technology' on Wednesday and Thursday. The intention of the workshop was to create awareness about Intellectual Property Rights (IPR).

Keynote Speaker and Chief Guest Dr T Ramakrishna MHRD Chair on IPR, NLSIU, Bengaluru emphasised on Global IPR regime with importance of global bodies like World Intellectual Property Organisation (WIPO) and World Trade Organisation (WTO).

Principal A S Deshpande in his presidential remarks spoke about the relevance of IPR for India as the nation and how young minds can harness the same.

Hosakeri Narendra Bhatta, Founder, Partner and CEO, Intellocopia IP Service, Bengaluru in his session came up with live examples and case studies on how to pursue IPR. Ramchandra Kulkarni, Himanshu Gupta, Rajni Mishra and Karthik Raju from Tata Group gave an insight into IPR from patent filing to search engines and relevance of it in academia. Around 60 delegates from Karnataka and Maharashtra attended the workshop.

Head of Department S A Kulkarni welcomed. Prof G C Deshpande proposed vote of Thanks.

Students selected: Samarth Mendake and Manoj Desai, students of Gogte Institute of Technology (GIT), have been selected for a presentation of their design at Space X Hyperloop Pod Design Competition to be held at A&M University, Texas, on January 29-30. GIT is sponsoring the students' team, along with faculty member SL Gombi. The competition is to design the fifth mode of transportation, hyperloop, consisting of a low-pressure tube with capsules, each carrying 28 passengers, that are transported at a speed of 700 miles per hour between San Francisco and Los Angeles.
