Workshop on mobile app devpt

BELAGAVI, DHNS: KLS Gogte Institute of Technology (GIT) Computer Society of India (CSI) student branch conducted a two-day Mobile App Development workshop recently to develop all-round skills in students.

The workshop was aimed at training students of GIT on mobile application development with iOS and Android platforms.

Resource person Girish Rathod, an entrepreneur and co-founder of BITJINI, a software company that specialises in mobile application development, especially for iOS and Android platform, as well as web based applications, introduced various mobile platforms and conducted an in-depth session on iPhone Application development using Swift programming language. Usage of various tools and IDE were demonstrated. Insights on creative coding were shared by him.

Head of the Department S F Rodd and Staff Convener of CSI Prof Rashmi Jogdand were present.
